# *Executive Summary*

## Missouri Department of Social Services

The Department of Social Services (DSS) was created in 1974 to serve as an umbrella agency, coordinating programs to provide public assistance to children and their parents, access to health care, services to the elderly and specialized assistance to troubled youth. In 2000, the Division of Aging within DSS was abolished, and programs to provide services to the elderly were transferred to the Department of Health and Senior Services. While many DSS programs give needed financial assistance and services, others work to strengthen families and to move them from dependency to self-sufficiency.

The Director of DSS is responsible for the overall administration of programs within the department and determines priorities and initiatives for the agency. There are four program divisions within DSS responsible for assisting Missouri's most vulnerable citizens: Family Support Division, Children's Division, Division of Medical Services and Division of Youth Services. There are three administrative support divisions within the department: Division of Budget and Finance, Division of General Services and Division of Legal Services. Note: Effective July 1, 2005, the Information Services & Technology Division was transferred to the Office of Administration as part of a statewide IT consolidation.

The purpose of this report is to provide information about the number of people served and the dollars spent by DSS programs during fiscal year (FY) 2006. Where appropriate, information is compared with that of prior fiscal years to display trends. This report is meant to present summary data and not to be an audited account of expenditures.

### ***Family Support Division***

- After rising in FY 2004, Temporary Assistance expenditures continue to decrease in FY 2006. Expenditures decreased 2.6 percent, from \$133.1 million in FY 2005 to \$129.6 million in FY 2006. The Temporary Assistance average monthly caseload also decreased in FY 2006 compared to FY 2005, down 2.8 percent to 45,865. [Table 4, page 17]

- Food Stamp expenditures and caseloads continued to increase steadily in FY 2006. Annual expenditures rose 1.4 percent and the average monthly caseload increased 1.6 percent from FY 2005 to FY 2006. [Table 5, page 19]

The Division of Medical Services (DMS), established in 1985 under the Department of Social Services Reorganization Plan, administers the Missouri Medicaid program authorized under Title XIX and Title XXI (CHIPs) of the Social Security Act and enacted by state legislation. Professional and technical consultation is received from a medical advisory committee and subcommittees.

Medicaid is a program of medical assistance for the poor jointly funded by state and federal funds. Its goal is to provide health care for needy individuals through payment to providers of medical goods and services. In addition to reimbursing vendors for the provision of services, DMS also pays insurance premiums, deductibles and co-payments for certain aged and disabled Medicare beneficiaries.

Major services provided through the Medicaid program include inpatient and outpatient hospital services; nursing home care; physician and pharmacy services; laboratory and x-ray; home health; audiology, dental, optometric and podiatry; ambulance services; adult day health care; personal care services; nurse-midwife, nurse practitioner services; hospice services; case management services for pregnant women and children; durable medical equipment, orthotic and prosthetic devices; and ambulatory surgical centers.

The Division of Medical Services also administers the Healthy Children and Youth program, a comprehensive medical program focusing on primary and preventive services for individuals up to age 21. Through the program, children receive medical, hearing, dental, and eye examinations; appropriate laboratory tests; immunizations; lead screenings; and referral for follow-up care for evaluations of problems detected during a screening.

The Division of Youth Services (DYS), established in 1974 with the creation of the Department of Social Services, provides a range of services to youths who have been committed to DYS by the juvenile court system and are in need of rehabilitative and educational services. Chapter 219, RSMo further defines the responsibilities of DYS to include the prevention of delinquency; the provision of incentive subsidies to juvenile courts; consultation and information services to non-DYS agencies; and technical assistance to local communities.

The Division of Youth Services serves youths ages 17 and under who have been adjudicated as status or delinquent offenders. Once committed to DYS, youths can be held until age 21. Most sentences are indeterminate, with youths assigned to a facility until they are approved for return to their homes under supervision of DYS' aftercare program. DYS operates several programs with varying levels of security throughout the state, including group homes, park camps, specialized residential programs and non-residential community-based programs. Other services include case management, intensive case monitoring, proctor care and family therapy.

Implemented in the late 1970's, the Juvenile Court Diversion program is intended to divert the less serious offenders from the Division of Youth Services and allow the courts to work with these youths and their families in their home communities.
